CHROMEBOOK CHECK-IN FOR 5th-12th GRADE STUDENTS by Brenda Haag

ChromeBooks assigned to our 5-12 grade students will be collected for the summer for maintenance. A student's check-out sheet will be signed after his or her ChromeBook is inspected and approved by the GHV Technology Department. All ChromeBook fines must be paid by seniors prior to graduation, and paid by 5-11 grade students prior to the last day of school. ChromeBook check-in for seniors will be the Wednesday before graduation. Students in grades 5-11 will turn ChromeBooks in during the last week of school.

GHV Google Accounts for Students by Brenda Haag

GHV Google accounts will remain open during the summer for students in grades 4-11. GHV Google accounts for graduating seniors will remain open until August 15. Seniors are encouraged to open a personal Google account. Please choose to name your account in a professional manner as you may share it with prospective employers or colleges. Seniors can begin transferring important data from their school account to their personal account at any time. Our 2019 graduates should also update e-mail addresses for any services linked to their school Google accounts, such as Netflix. For questions regarding your Google account, please see Mrs. Haag.

SUMMER SPORTS SCHEDULE

Summer 2019 GHV Baseball and Softball Schedules can be found at topofiowaconference.org. This site will give you the most up to date information on all athletic schedules.

Typically this form is completed with school registration. To reduce paperwork during registration, GHV will collect loan forms in May for the next school year. Please watch for these forms and for more information. Questions can be directed to Brenda Haag.

NEW IMMUNIZATION REQUIREMENTS! **(7TH & 12TH GRADERS)** by Nurse Bonnie & Nurse Holly

The Iowa Department of Public Health made changes to the Iowa Immunization Law for the start of the 2018-2019 school year. This change requires that all students entering 7th grade have both a Meningococcal Immunization and a TDAP (Tetanus, Diphtheria, and Pertussis/Whooping Cough) booster before school starts this fall. All students entering 12th grade must have a Meningococcal Immunization before school starts this fall.

Pertussis (whooping cough) is a very contagious disease that causes violent coughing fits that make it hard to breathe. Meningococcal disease is a life threatening illness that is caused by bacteria that infects the brain, blood, and spinal cord. It easily spreads in crowded settings.

All students in 7th and 12th grade must show proof of these immunizations being completed BEFORE the start of the school year.

Immunizations can be given at your physician's office by appointment, or will be offered at school during spring physicals.

PHYLLIS WOIWOOD SCHOLARSHIP

The Phyllis Woiwood Scholarship will again be awarded to a graduate of Garner-Hayfield-Ventura High School for the 2019-20 school year. Mrs. Woiwood taught music to K-6 students in the GHV School for 24 years. The Woiwood family left an amount of money to the Music Boosters to set up a scholarship in her name.

This scholarship can be used by any GHV graduate who would be pursuing music at the college level. The costs of private lessons, instruments, music, etc. is very high and the Phyllis Woiwood Scholarship could greatly aid a young person with musical talent. Applications for the scholarship are available now in the GHV principal's office.

Anyone interested in donating to this non-profit scholarship may send your donation to the GHV High School, 605 Lyon Street, Garner, Iowa 50438. **The deadline for applying is June 1.**

**ALMOST, MAINE – by John Cariani
Stacie LaMoore**

A woman carries her heart, broken into nineteen pieces, in a small paper bag. A man shrinks to half his former size, after losing hope in love. A couple keep the love they have given each other in large red bags, or compress the mass into the size of a diamond. These playful and surreal experiences are commonplace in the world of John Cariani's *Almost, Maine*, where on one deeply cold and magical Midwinter Night, the citizens of Almost -- not organized enough for a town, too populated for a wilderness -- experience the life-altering power of the human heart. Relationships end, begin, or change beyond recognition, as strangers become friends, friends become lovers, and lovers turn into strangers. Populated with characters who are humorous, plain-spoken, thoughtful, and sincere, *Almost, Maine* is a series of loosely connected tales about love, each with a compelling couple at its center.

Cast: Abby Christians, Travis Schmidt, Bryant Cook, Destiny Fuentes, Eric Heitland, Isaac Bell, Jacob Leerar, Karlie Lee, Kenadie Lau, Leah Johnson, Makenna Rayhons, Miranda Randall, Patrick Carew, and Shelby Howke.

April 26th & 27th, 7pm - High School Auditorium
Tickets available now, through the high school office or Payscale.
\$4.00 - Adults, \$3.00 - Students

Students Speaking Up

Iowa AC4C goes to Iowa Capitol for Substance Abuse Prevention Day on the Hill

On Thursday, February 28th, the Alliance of Coalitions for Change (AC4C), a state-wide collaboration to affect positive change in substance abuse, will be meeting with state legislators to discuss their concerns about youth marijuana use and substance use in Iowa along with education on increasing the beer excise tax in Iowa, increasing the tobacco age of purchase, and implementing a user fee on electronic nicotine delivery systems.

Students from GHV Teen Council and West Hancock SWAT were among the many community coalitions, representing a mixture of Iowa's rural and urban populations at this event.

Iowa has a low rate of marijuana use when compared to the national average. However, the perception of harm among youth is declining. A lower perception of harm historically shows us that there will be a rise in use.

The 2016 Iowa Youth Survey showed 10% of 11th graders reporting marijuana use in the

past 30 days. 41% of 11th graders believe there is a slight risk or no risk in harming themselves if they use marijuana once a week. In states with policy expansion of marijuana, youth use rose as perception of risk decreased.

For 32 years, Iowa's beer tax has remained

at LESS THAN \$.02 per drink. In Iowa, excessive alcohol use including binge drinking cost \$1.9 billion or \$1.59 per drink in problems associated with binge drinking in 2010 (CDC, 2016). Alcohol is the most commonly used substance in Iowa and

binge drinking is a common form of alcohol consumption. It is a serious public health concern!

Young adults aged 25-34 years of age are most likely to binge drink, followed by those aged 18-24 and 35-44 years old (IDPH). In 2015, 20% of adult Iowans (over 400,000 people) engaged in binge drinking (BRFSS). In 2015, Iowa ranked 5th in the nation for percentage of adults who binge drink (CDC, 2016). According to the 2016 Iowa Youth Survey, 13% of Iowa 11th graders have binge drunk in the last 30 days.

Smart Choices Make Great Memories

There are two very important events coming up for Garner-Hayfield/Ventura high schoolers. The first is Prom, a night of dressing up, eating out, dancing, and having fun with friends. This event should be exciting and create wonderful memories to last a lifetime, unless drinking or drugs are involved and then it could have a very different ending.

Parents, talk to your kids. Be sure you encourage your student to be responsible in their behavior and with their friends. This is a night you want to talk about with your son or daughter for years to come and not a night you remember as the time you received a call from local law enforcement about an accident or arrest.

Students, talk to your parents. Let them know your plans - who you will be going with, how you

will be getting there, when you should be home. While planning your big night, use the tips listed to the left to make smart decisions to help keep you safe and lower stress.

Working together we can help make prom a safe and fun event for everyone.

Prom Night Safety Tips

- ◆ Charge your **cell phone** and have it with you.
- ◆ Arrange **safe transportation** and **buckle-up!**
- ◆ **Check in** with your parents at some point during the evening *and* if there is a **change** in your plans.
- ◆ **Trust your instincts** -- if you feel uncomfortable or endangered, leave immediately.
- ◆ **Smile** for the camera: take time to **enjoy** the moment!

Graduation is the other milestone in every high schooler's life. We encourage parents and families of seniors to provide a party that does not involve drinking. Help to make this time a celebration of your student's accomplishments; put the focus on them, not the alcohol.

Parents of senior students are invited to pick up a yard sign declaring their graduation ceremony is alcohol free. Displaying this sign is one way to promote a positive message about safe and healthy celebrations for our youth.

Signs will be available for pick up during **Senior Awards Day** or by contacting Deb Quintus at 923-2632 or dquintus@ghvschools.org

Teens and vaping marijuana: Understanding the dangers of “dabbing”

Dabbing among 8th, 10th, and 12th graders is on the rise, according to the 2018 Monitoring the Future Survey.

Conducted annually since 1975, the survey, funded by the National Institute on Drug Abuse (NIDA), asks teenage students in the United States to self-report drug use. Dr. Ruben Baler, a health scientist at the National Institute on Drug Abuse, estimates that of the 3 million teens now vaping e-cigarettes, 30 to 40 percent are vaping marijuana.

The term **vaping** generally applies to heating capsules of **nicotine** in an e-cigarette and inhaling the fumes, while **dabbing** refers to inhaling fumes from a heated capsule of **THC** in a vape pen.

Why the concern? Those THC capsules contain concentrates with **60 to 90 percent THC** compared to about **12 percent THC** in today's marijuana that is smoked. Americans were getting high on **less than 5 percent THC** in the 60s, 70s, 80s, and 90s.

He warns that an adolescent brain is still in development and “should be completely clean” of any “drug that can derail that trajectory of development.”

“This is a very dangerous trend,” Dr. Baler says. E-cigarettes and vape pens “are very easy to hide. They’re odorless, and they’re marketed very aggressively for kids, whether they have flavorings or high concentrations of nicotine or marijuana.”

Adapted from local freelance writer Alexandria Jacobson's article published in the Chicago Sun Times.
