Athletic Contest Admission

By Ryan Schmalen, GHV Athletic Director

Hello GHV Cardinal Fans! As the 2021-22 school year draws near, I am sure you are looking forward to the upcoming sports seasons. Instead of always worrying about having cash for admission, we have two other options available. For GHV home games, an option that is offered to Cardinal Fans is the opportunity to purchase coupon booklets at the high school office. Each booklet costs \$25/booklet and has six coupons for event admission to be used only at GHV home events. If you are a super-avid sports fan and attend home games throughout the entire year (we have over 40 home games a year), GHV Athletics is offering another option too. You can buy an Individual Adult Athletic Pass for \$100, and this will get you into ALL home events (except state sponsored tournaments). These passes are non-transferable, and are available from Jan at our high school office. If you have any questions, please email GHV Athletic Director, **Ryan Schmalen** at rschmalen@ghvschools.org.

Waiver of Student Fees

Students whose families meet the income guidelines for free and reduced lunch, the Family Investment Program (FIP), Supplemental Security Income (SSI), transportation assistance under open enrollment, or who are in foster care are eligible to have their student fees waived or partially waived. Students whose families are experiencing a temporary financial difficulty may be eligible for a temporary waiver of student fees. Parents or students who believe they may qualify for temporary financial hardship should contact the school secretary at registration time for a waiver form. This waiver does not carry over from year to year and must be completed annually. If you feel that you would qualify for this waiver please contact the superintendent's office prior to registration so that the necessary paperwork can be completed before your mail-in or online registration is completed.

SafeHomes Pledge Sign-Up

With the new school year upon us, we once again have the SafeHomes pledge sign up available to interested parents. The pledge form was included in your school registration materials, or you may access it online on the ASAP website listed below.

SafeHomes is a network of parents working together to provide a safe home: safe from alcohol, tobacco, marijuana and other drugs; and a safe social environment for underage youth. It is designed to be a communication network for parents to connect with other parents who have a strong commitment to keeping our children safe.

Allies for Substance Abuse Prevention (ASAP) encourages parents to sign the pledge and join a group of parents dedicated to providing a safe environment for youth to socialize, understanding that we do not accept the underage use of alcohol, tobacco, or drugs in our homes or on our property.

The pledge form can be found at <http://asap4hc.com/safehomes-programs/>

We ask interested parents to sign a new pledge form each school year.

Use these 5 Goals when talking to kids about alcohol and other drugs.

Research shows that parents are the #1 reason young people decide not to drink. So, start talking to your children about alcohol before they start drinking—as early as 9 years old. Even if it doesn't seem like it, they really do hear you.

1. Show you disapprove of underage drinking and other drug misuse.

Over 80 percent of young people ages 10–18 say their parents are the leading influence on their decision whether to drink. Send a clear and strong message that you disapprove of underage drinking and misuse of other drugs.

2. Show you care about your child's health, wellness, and success.

Young people are more likely to listen when they know you're on their side. Reinforce why you don't want your child to drink or use other drugs—because you want your child to be happy and safe. The conversation will go a lot better if you're open and you show concern.

3. Show you're a good source of information about alcohol and other drugs.

You want your child to make informed decisions about alcohol and other drugs with reliable information about their dangers. You don't want your child to learn about alcohol and other drugs from unreliable sources. Establish yourself as a trustworthy source of information.

4. Show you're paying attention and you'll discourage risky behaviors.

Show you're aware of what your child is up to, as young people are more likely to drink or use other drugs if they think no one will notice. Do this in a subtle way, without prying.

5. Build your child's skills and strategies for avoiding underage drinking and drug use.

Even if you don't think your child wants to drink or try other drugs, peer pressure is a powerful thing. Having a plan to avoid alcohol and drug use can help children make better choices. Talk with your child about what they would do if faced with a decision about alcohol and drugs, such as texting a code word to a family member or practicing how they'll say "no thanks."

Keep it low-key. Don't worry, you don't have to get everything across in one talk. Plan to have many short talks.

The Family Education Rights and Privacy Act of 1974

Public Law 93-389, 88 (Statute 571.74, August, 1974) extends certain rights to parents and/or students of majority age. The purpose of this letter is to inform you of these rights. The Garner-Hayfield-Ventura Community School District maintains records of (1) birthday, birthplace, phone, home address, and names of parents, (2) education aptitude, achievement and grades, (3) school attendance and (4) health data on every student. Parents or students of majority age have the right to review these records, prevent them from being disclosed to non-school personnel under certain circumstances, challenge the records and offer additional information to the records. You may exercise these rights by contacting your school administrative office. The school retains the right to release directory information in the form of lists including names, grades, home addresses, parent names and phone numbers. You may deny the school the right to release any or all of this information by contacting your school administrative office. The Garner-Hayfield-Ventura Community School District will forward education records to other school districts, on request, in which the student seeks or intends to enroll. Unless the parent or student of majority age objects, education records are sent automatically to other school districts making such a request.

Asbestos Information

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970s contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, such as cancer and asbestosis. In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA), which requires schools to be inspected to identify any asbestos containing building materials. Suspected asbestos-containing building materials were located, sampled (or assumed), and rated according to condition and potential hazard. Every three years, the Garner-Hayfield-Ventura Community School District or School has conducted a re-inspection to determine whether the condition of the known or assumed asbestos containing building materials (ACBM) has changed and to make recommendations on managing or removing the ACBM. At the last re-inspection, conducted on December, 2016, all materials listed in the Management Plan as asbestos containing (or assumed to be asbestos-containing) were inspected and found to be in good condition. The law further requires an asbestos management plan to be in place by July 1989. The Garner-Hayfield- Ventura Community School District developed a plan, as required, which has been continually updated. The plan has several ongoing requirements: publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six months to assure that they remain in good condition. It is the intention of the Garner-Hayfield-Ventura Community School District to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan in the school district administrative office during regular business hours. Kris Hanson is our designated asbestos program coordinator, and all inquiries regarding the asbestos plan and asbestos-related issues should be directed to him at 641-923-2718.

Homeless Students

Subtitle B of Title VII of the McKinney-Vento Homeless Assistance Act (Title X, Part C, of the No Child Left Behind Act) defines "homeless" as follows: The term "homeless children and youths" (A) Means individuals who lack a fixed, regular, and adequate nighttime residence (within the meaning of section 103(a)(1)); (B) Includes-- (i) Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in

emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement; (ii) Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings (within the meaning of section 103(a)(2)(C)); (iii) Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and (iv) Migratory children (as such term is defined in section 1309 of the Elementary and Secondary Education Act of 1965) who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii). In accordance with Chapter 3, Iowa Administrative Code, The Garner-Hayfield-Ventura Community School District encourages homeless children and youth to enroll in school. The board will make reasonable efforts to identify homeless children and youth of school age within the district, encourage their enrollment, and eliminate existing barriers to their receiving an education that may exist in district policies or practices. The designated coordinator for identification of homeless children is Angie Bierle. For more information, please contact **Angie Bierle** at Garner-HayfieldVentura Community School District, 605 Lyon Street, Garner, IA 50438 or 641-923-2718, or Email: abierle@ghvschools.org.

District Gives Annual Notice of Rights of Students with Disabilities

Section 504 of the Rehabilitation Act of 1973 requires annual notification of parent/student rights in identification, evaluation, and placement. The following is a description of the rights and options granted by federal law to students with disabilities (handicaps). The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of our rights if you disagree with any of these decisions. You have the right to:

1. Have your child take part in, and receive benefits from, public education programs without discrimination because of his/her disabling conditions.
2. Have the school district advise you of your rights and options under federal law.
3. Receive notice with respect to identification, evaluation, or placement of your child.
4. Have your child receive a free appropriate public education. This includes the rights to be educated with nondisabled students to the maximum extent appropriate. It also includes the right to have the school district make reasonable accommodations to allow your child an equal opportunity to participate in school and school-related activities.
5. Have your child educated in facilities and receive services comparable to those provided nondisabled students.
6. Have your child receive special education and related services if he/she is found to be eligible under the Individuals with Disabilities Education Act (IDEA PL.101.476) and/or general education intervention/ modifications outside of special education under Section 504 of the Rehabilitation Act of 1973.
7. Have evaluation, educational, and placement decisions made based upon a variety of information sources, and by persons who know the students, evaluation data, and placement options.
8. Have transportation provided to and from an alternative placement setting at no greater cost to you than would be incurred if the student were placed in a program operated by the district.
9. Have your child given an equal opportunity to participate in non-academic and extracurricular activities offered by the district.
10. Examine all relevant records relating to decisions regarding your child's identification, evaluation, educational program, and placement.
11. Obtain copies of educational records at a reasonable cost unless the fee would effectively deny you access to the records.
12. A response from the district to reasonable request for explanations and interpretations of your child's records.
13. Request amendment of your child's educational records if there is reasonable cause to believe that they are inaccurate, misleading, or otherwise in violation of the privacy rights of your child.
14. Request mediation, an impartial hearing, or review (appeal) related to decisions or actions regarding your child's identification, evaluation, educational program, or placement. Hearing requests must be made to **Ken Kasper**, Superintendent, (641) 923-2718.
15. Request a review (appeal) of the hearing should you not prevail.
16. Ask for payment of reasonable attorney fees if you are successful on your claim.
17. File a local grievance to resolve complaint of discrimination.

For further information, contact the Office of the Superintendent, (641) 923-2718.

Notification of Rights Under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are: (1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. (2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. (3) The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.] (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the office that administers FERPA are: Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202-8520

Notice: Corporal Punishment, Restraint, and Physical Confinement and Detention

State law forbids school employees from using corporal punishment against any student. Certain actions by school employees are not considered corporal punishment. Additionally, school employees may use "reasonable and necessary force, not designed or intended to cause pain" to do certain things, such as prevent harm to persons or property. State law also places limits on school employees' abilities to restrain or confine and detain any student. The law limits why, how, where, and for how long a school employee may restrain, or confine and detain, a child. If a child is restrained, or confined and detained, the school must maintain documentation and must provide certain types of notice to the child's parent. If you have any questions about this state law, please contact Debra Steenhard, Special Education Coordinator. The complete text of the law and additional information is available on the Iowa Department of Education website: www.iowa.gov/educate.

Family Educational Rights and Privacy Act (FERPA) Notice for Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that the Garner-Hayfield-Ventura Community School District with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the Garner-Hayfield-Ventura Community School District may disclose appropriately designated "directory information" without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the Garner-Hayfield-Ventura Community School District to include this type of information from your child's education records in certain school publications.

- The annual yearbook;
- Honor roll or other recognition lists;

In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent. If you do not want the Garner-Hayfield-Ventura Community School District to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by August 18, 2021.

The Garner-Hayfield-Ventura Community School District has designated the following information as directory information:

- Student's name and address
- Participation in officially recognized activities and sports
- Telephone listing
- Weight and height of members of athletic teams
- Electronic mail address
- Photograph

- Dates of attendance
- Grade level
- Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's SSN, in whole or in part, cannot be used for this purpose.)

These laws are: Section 9528 of the Elementary and Secondary Education Act (20 U.S.C. § 7908), as amended, and 10 U.S.C. § 503(c), as amended.
