### Meet Our New Staff!

#### GHV MISSION STATEMENT

To prepare students for a successful future in a kind, caring, and compassionate way.

### **Ken Kasper, Superintendent**

I was formerly a high school principal and athletic director for Alburnett Schools, an assistant principal for Vinton-Shellsburg Schools, and an alternative school coordinator and student services coordinator with the Forest City Schools.

I started my teaching career with Ventura Schools as a middle school and high school science teacher. I have a bachelor's degree in biology from Southwest State University and a Master of Science in education administration from Drake University in 2000. I then earned my specialist degree in educational leadership from the University of Northern Iowa in 2018.

My wife, Ariann, and I have two children who both live in Florida. My hobbies include riding my Harley, bicycling, and spending time with our boys and family.

A few of the accomplishments I'm proud of include expanding operational sharing agreements, improving school culture, financial forecasting, and expanding student pathways.

### **Shawn Miller, High School Principal**

I am excited and honored to serve as principal for the staff and students of Garner-Hayfield-Ventura High School. I have spent the last 23 years working in education, and I am eager for this next opportunity. I am originally from Britt, IA, and was the last graduating class of Britt High School in 1989 before it became West Hancock.

After graduating from Iowa State University in 1993 with a degree in Speech Communications and a minor in Psychology, I spent six years working for Principal Financial Group in their Dallas, TX, office. Next, I spent six years working for North Iowa Area Community College (NIACC) in the Foundation as well as in Admissions. Being in the college setting ignited my passion for becoming an educator, and I earned my degree in

teaching from Buena Vista University on the NIACC campus.

My first experience as an educator in public education was as a high school English teacher and school counselor for the Mason City Alternative School for three years. From there, I spent 12 years at Forest City Community Schools as a high school English teacher, high school counselor, and K-12 instructional coach while also earning a degree in Educational Leadership from Iowa State University. My first principal position was as elementary principal for North Iowa Elementary in Buffalo Center. I loved being a school leader, and I am eager to move back to the high school setting as principal of GHVHS. I have a son, Tommy, who will be a sophomore this year, and my daughter, Raina, will be a senior. One of our favorite things to do is camp, although we don't really rough it too much. We have a permanent camping spot at Hanna's Campground in Crystal Lake, and that's where you can find me most weekends during the summer.

As the school year unfolds, I can't wait to attend the athletic and fine arts events at GHVHS and support our students both in academics and extracurricular activities. We learn so many important life lessons from being part of a team.

In addition, I am looking forward to getting to know the staff and students and to partnering with parents to provide a top notch educational experience for all of our kids. I have high expectations for learning, and I am committed to maintaining an environment that supports that. Together with the administrators, teachers, and staff, we will create a culture that focuses on providing educational opportunities that challenges our students, building character, and preparing our kids for success beyond high school.

It's going to be a great school year!

## **Ryan Schmalen, 7-8 PE and 9-12 Athletic Director**

### **Reason I got into teaching:**

The reason I got into teaching was because of my family. It all started with my grandma who was a great teacher in Charles City who then passed it onto my mom and then finally on to me. Watching and hearing all the great stories about these two and how they touched so many lives of students that they taught made me want to do the same for the students that I am going to be around. I am very excited to be in Garner and cannot wait to get to know everyone.

### **Family:**

I have a beautiful girlfriend (Shelby).

### **Pets:**

I have no pets right now as my pets recently passed away. Want another dog and cat, eventually.

## Payton Skjeie, 4th Grade Teacher

Hi everyone! I am so excited to be teaching 4th grade this year at GHV. In December 2020, I graduated from Iowa State University. Go Cyclones! This will be my first full time teaching job, and I'm so eager to start!

To say a little bit about me, I grew up and currently live in Forest City, Iowa. I have one sister, Audrey, and two brothers, Blake and Carter. My family also has two miniature goldendoodles who we love so much, Zoey and Penny.

Some of my favorite things to do in my spare time are trying new recipes, going on walks with my dogs, and spending time with my friends and family. Growing up I have always wanted to be a teacher, and I am so grateful to have this opportunity to inspire and teach the next generation. I'm excited to get to know my students and all the great people here at GHV. Go Cardinals!

## Kelli Wilson, 3rd Grade Teacher

Hi 🙌 I'm Kelli, also known as Miss Wilson in the classroom. I'm going to be a first year third grade teacher at GHV this year, and I'm from Manly, IA. I graduated from UNI this May! Go Panthers! 💜💛

I became a teacher because I had some great people inspire me to help kids grow! I absolutely love Target, where I also work part time. One of my favorite hobbies is crafting, literally anything. I love to workout and stay active.

I also like to bake, shop, and statement earrings are my favorite accessory. Some of my other favorite things include country music, coffee, sunflowers, being with my friends and family, and dogs. 🐶 I live for school dress up days... I am that "extra" teacher that loves to have fun! A motto I live by and want to teach my students is, "no one is you, and that's your power".

## You're Invited to the GHV Book Fair

The fall book fair will be open **Tuesday, October 26th, and Thursday, October 28th** during Parent Teacher Conferences at the GHV Elementary/Middle School school library.

This annual event is held in the P-8 library during the fall and spring conferences. Students eagerly await the arrival of cases full of new books, and I am very excited about adding to our library collections as well. This year our Scholastic Book Fair will feature books for Preschool-8th Grade students. As the librarian, I am grateful for parents' support of reading and our school library with purchases from the book fair. The profits received from this program have provided an extensive variety of books for our collections in the past, and this year I am looking forward to adding new fiction and nonfiction titles to both of our GHV libraries.

Teachers will also continue to benefit from purchases that parents make for their classrooms through the "Teacher Wish List" program. This display will be located near the main entrance of our library.

Please continue to encourage your children to be readers! I am looking forward to seeing many of you at this year's book fair.

## Prevent Underage Drinking During the Holidays

The holidays are a time for fun, celebration and relaxation. However, it is also a time when youth are more likely to have access to alcohol. The ASAP (Allies for Substance Abuse Prevention) encourages parents to talk to their children about the dangers of underage drinking.

On an average day in December in the United States, approximately 11,000 youth will try alcohol for the first time. Opportunities and pressure to drink – especially during celebrations – can increase during this time of year because most students are out of school for winter break, and people tend to have more alcohol in their home during the holiday season. This is a public health problem because alcohol is the most widely used substance by our youth.

Although their friends and the media play a role, parents are the number one influence on their children's decision about alcohol. They are paying attention to what you say and do. Talk to your kids about the risks of underage drinking. If they go to a party, talk to the other parents to be certain that alcohol will not be available. Urge your child to call you if he/she feels uncomfortable. Be available to provide them with a ride home if needed.

### Here are some tips to help prevent underage drinking:

- ✓ Do not change or relax your rules simply because it is the holiday season. Teens need limits and need monitoring.
- ✓ If you leave home for an evening, be certain that your alcohol is locked up, especially if your teen may have friends over. Be aware that unsupervised teens are at risk for alcohol use.
- ✓ Be sure to lock your medicine cabinet when teens are at your house. Alcohol is not the only substance that might be accessible. Prescription medicine abuse is growing, so be aware of this.
- ✓ Be a role model yourself. Know your limits. Do not drink and drive.
- ✓ Never provide alcohol or a place to drink alcohol to underage persons.

If you have any questions please contact the ASAP Coalition (Allies for Substance Abuse Prevention), Sandy Rayhons ([director@asap4hc.com](mailto:director@asap4hc.com)) or Kelly Hutcheson ([projectmanager@asap4hc.com](mailto:projectmanager@asap4hc.com)).
